First generation is derived from the parents education level from both admission and financial aid applications.
 If a student is classified as first generation in either place, he/she is counted as a first generation student.

First generation is derived from the parents education level from both admission and financial aid applications.
 If a student is classified as first generation in either place, he/she is counted as a first generation student.

First generation is derived from the parents education level from both admission and financial aid applications.

If a student is classified as first generation in either place, he/she is counted as a first generation student.
