Notes: Tuition is the sum of building and operating fees. Tuition and fees as reported here add a mandatory service & activity (S&A) fee. This excludes other fees (see below for detail) which are general fees for Pullman students, but which do not necessarily apply at the branch campuses.

Until 1982, full time tuition covered more than 6 credits; from 1982-83 to 1987-88 it covered 7-18; and from 1988-89 to the present it covers 10-18 credits.

New tuition rates are set by the Board of Regents at their May meetings, and may be adjusted for financial exigency. For future planning, see Financial Aid's Estimated Cost of Attendance and Aid Estimator:

Notes

Tuition is the sum of building and operating fees. Tuition & fees as reported here add a mandatory service and activity (S&A) fee. This excludes other fees (health service, etc.; see Fee_Detail) which are general fees for Pullman students, but which do not apply at other campuses. In general, graduate or professional rates for new programs are transitioned for continuing students with fee waivers or transitional rates; quoted fees are new student rates. The PharmD rate for professional pharmacy was established before FY 2004. The MN rate for graduate nursing was separately established for FY 2004. Old MBA rates for Pullman Master of Business Administration program, OMBA is online per credit rate (36-52 total credits), EMBA is Executive MBA per credit. WWAMI students paid DVM rate to Fall 2007; then, by memorandum of understanding (MOU) with UW, first year medical students in Seattle, Pullman, or Spokane paid tuition and enrollment fees as established annually by UW. Legislature authorized Floyd College of Medicine in 2015, with rates set by the Board of Regents. First year rates are shown. Consult program websites for MBA rates (per credit for non-traditional schedules):

Notes

Tuition and fees as reported here add the mandatory service & activities (S&A) fee [BOSA]. Other fees include: health service (HWS), student recreation center (SRC), Pullman Transit (PT), technology, student union (Pullman CUB renovation, TriCities new building), Martin Stadium upgrade, Chinook (student center), and Media; these are generally voted in by students and mandatory for campus students. Rates are usually set by the Board of regents in May, but may be adjusted for financial exigency. For future planning, see Financial Aid's Estimated Cost of Attendance:

Notes

Tuition and fees as reported here add the mandatory service & activities (S&A) fee [BOSA]. Other fees include: health service (HWS), student recreation center (SRC), Pullman Transit (PT), technology, student union (Pullman CUB renovation, TriCities new building), Martin Stadium upgrade, Chinook (student center), and Media; these are generally voted in by students and mandatory for campus students. Rates are usually set by the Board of regents in May, but may be adjusted for financial exigency. For future planning, see Financial Aid's Estimated Cost of Attendance:

Notes

Tuition is the sum of the building and operating fees. Tuition and fees as reported here add the mandatory service & activities (S&A) fee. Additional fees include: health service (HWS), student recreation center (SRC), Pullman Transit (PT), Martin Stadium upgrade, and student union renovation (CUB), which are general fees for Pullman students, but which do not necessarily apply at the branch campuses.

New tuition rates are set by the Board of Regents at their May meetings, and may be adjusted for financial exigency. For future planning, see Financial Aid's

Estimated Cost of Attendance (<http://www.finaid.wsu.edu/coa.html>) or Aid Estimator (<https://webapps.wsu.edu/finaid/osfaforms/financialaidestimator.aspx>).
